# From the desk of the Chairman

Society for Empowerment, registered in the year 2000, under Society Registration Act, 1860, has a legacy of excellence in Research in Gandhian Philosophy, Public Policy and Governance.

The Society has been working for Hunger Free society, Gender Equality, Empowerment of Senior Citizens, Awareness of Human Rights and Eradication of the malnutrition, illiteracy among the tumbling blocks of the society.

SFE considers Development as a process to bring change in the physical quality of life on the understanding of the Felt need of the common mass. Such assessment leads to a Holistic, Sustainable Green Development for all .

Society is has been working in wide area i.e. capacity building and empowerment of women and seniors at the grass root level to framing policy and making feature documentary on the Mahatama Gandhi values.

During the year , we have made a video documentary “Gandhi in Folksongs”, containing the Gandhian folksongs like Kajri, Purbi, Sohar, Vidayi sung by folk singers from the state of Gujarat, Jharkhand, Bihar & Manipur, for spreading the “MAHATMA” preaching of AHIMSA, Peace, Non-Violence, Trust ship. The documentary highlights the role of India’s soft power bringing in PEACE in the minds of people and governments in multiple countries through the preaching of Mahatma, gradually making India as a cultural capital of Global Peace. The documentary was showcased at Kyosk Cultural Centre, Freiburg, Germany on 2nd October 2022.

The Society has been running Kasturba Gandhi Learning Centre at the village Shahpur and at Patna, wherein girl and women are being trained in stitching, computer learning, sells and marketing skills. At the policy front, the society through Round Table Discussion invite the policy makers, technocrats, scientist to discuss and deliberate on the contemporary issues. The policy output are being shared with the public and lawmakers for their perusal and corrective actions.

In the Book Discussions segment we discuss with the authors on the latest books written by them.

Considering the Yoga brings a spiritual prowess and a source of exercise and healthy life, SFE has started its Yoga Centre in Ahmedabad which is free to all.

Society is actively working for the betterment of the Senior Citizens for which in the coming financial year, it is planning to issue a monthly newsletter on the employment opportunities of senior citizens for their meaningful engagement and empowerment. We are also in discussion with like-minded thought for the opening of the “The Gift”, One point Service Centers preferable at rural locations for the Senior Citizens catering their health, financial and emotional needs.

Folksongs are oral tradition transmitted through social interaction via indigenous dialect which exist in the memories and voices of living individuals.

They primarily share common bodies of knowledge, value systems, ideologies i.e. the lore, traditional knowledge and beliefs of cultures.

Like the written literature they contain both prose and verse narratives in addition to myths, dramas, rituals etc. All the cultures have their own folk songs.

- Every time Peace brought Innovations and ushered a new era
- Conflict fastens the Power transitions. The 19<sup>th</sup> century's naval wars brought shift from wind to coal powered vessels; World War I brought the shift from coal to oil; World War II brought nuclear energy.
- Climate change has considerable effects on human and natural systems.
- The success of ALL OF US depends on adopting and propagating Green Skills for developing a sustainable and resource-efficient society.

Every time Peace brought Innovations and ushered a new era.

Green skills are those skills needed to adapt processes, services, and products to climate change and the environmental regulations and requirements related to it. They include the knowledge, abilities, values, and attitudes needed to live in, develop and support a sustainable and resource-efficient society.

PM announced India's commitment to 'Panchamrit'

- India will bring its non-fossil energy capacity to 500 GW by 2030.
- India will bring its economy's carbon intensity down to 45 per cent by 2030.
- The country will fulfil 50 per cent of its energy requirement through renewable energy by 2030.
- India will reduce one billion tonnes of carbon emissions from the total projected emissions by 2030.
- India will achieve Net Zero by 2070.

Conference of the Parties (CoP26) to the United Nations Framework Convention on Climate Change (UNFCCC) in Glasgow proved to be a success from India's standpoint

The country will fulfil 50 per cent of its energy requirement through renewable energy by 2030 and will reduce one billion tonnes of carbon emissions from the total projected emissions by 2030 and will achieve Net Zero by 2070.

creation of Infrastructure for Resilient Island States (IRIS), India-initiated International Solar Alliance (ISA), Green Grids Initiative-One Sun One World One Grid (GGI-OSOWOG) are among the many initiatives taken towards 'keeping 1.5 degrees alive' and accelerated action towards mid-century global Net Zero.

International cooperation like the UNFCCC, Kyoto Protocol, and Paris Agreement and the Conference of the Parties (CoP26) to the United Nations Framework Convention on Climate Change (UNFCCC) in Glasgow are a critical enabler for achieving ambitious climate change mitigation goals.

Human-induced climate change, including more frequent and intense extreme events, has caused widespread adverse impacts and related losses and damages to nature and people, beyond natural climate variability. 26th session of the Conference of the Parties (CoP26) to the United Nations Framework Convention on Climate Change (UNFCCC) in Glasgow proved to be a success from India's standpoint. India will bring its non-fossil energy capacity to 500 GW by 2030; its economy's carbon intensity down to 45 per cent by 2030.

❖ Satyagraha, Gandhi explained, is "literally holding on to Truth and it means, therefore, Truth-force. Truth is soul or spirit. It is therefore known as soul-force."  
❖ Satyagraha means, in effect, the discovery of truth and working steadily towards it, thus converting the opponent into a friend.  
❖ It is based on the idea that the moral appeal to the heart or conscience is... more effective than an appeal based on threat or bodily pain or violence.  
❖ Satyagraha is a relentless search for truth and a determination to reach truth".  
❖ Non violence is the weapon of strong

# थैले बना कर गांवों की 800 महिलाएं बन रहीं आत्मनिर्भर

जूही हिमता, पटना

सोसाइटी फॉर इंपावरमेंट की ओर से कस्तूरबा गांधी सेंटर फॉर ट्रेनिंग व प्रोडक्शन की शुरुआत की गयी है. इसके तहत गांवों की महिलाओं को स्वावलंबी और सशक्त करने के लिए सिलाई का प्रशिक्षण दिया जा रहा है. गया जिले के बेलागंज प्रखंड के शाहपुर में इसकी शुरुआत की गयी है. इसका मकसद महिलाओं को आत्मनिर्भर बना कर रोजगार से जोड़ना है. संस्था से यहां नौ गांवों से कुल 800 महिलाएं व युवतियां जुड़ी हुई हैं, जो दो शिफ्टों में काम कर रही हैं. ये सभी महिलाएं अभी कपड़े के थैले और मास्क बनाने का काम कर रही हैं.

## खादी मॉल से मिला है थैले बनाने का ऑर्डर

संस्था के डायरेक्टर एस नारायण ने बताया कि उनकी संस्था गांधी के विजन के साथ काम करती है. अभी उनका टाइप खादी ग्राम उद्योग, खादी मॉल और नीति आयोग से रजिस्टर्ड संस्थाओं से हुआ है. हाल ही में खादी मॉल से 10000 थैले बनाने का ऑर्डर मिला है, जिसे इन गांवों की महिलाएं तैयार कर रही हैं. उनकी कोशिश होती है कि जो भी ऑर्डर मिले, वह सरकार के सौजन्य से हो. वहीं प्राइवेट कंपनियों के ऑर्डर को लेकर काम जल्द शुरू किया जायेगा. इसके साथ ही संस्था की ओर से ओपन स्कूल सिस्टम के एंफ्रेंडेशन के लिए अप्लाई किया गया है. इससे जो भी महिलाएं यहां पर प्रशिक्षण लेंगी, उन्हें ओपन स्कूल का सर्टिफिकेट दिया जायेगा, जिससे उन्हें आगे भी रोजगार का मौका मिलेगा.

## समय-समय पर दिया जाता है प्रशिक्षण

गांव में रहनेवाली महिलाओं को सिलाई का बेसिक ज्ञान होता है. ऐसे में प्रोफेशनल बनाने के लिए उन्हें संस्था की ओर से समय-समय पर प्रशिक्षकों की ओर से प्रशिक्षण दिया जाता है. इससे वे न सिर्फ अपने हुनर को निखारती हैं, बल्कि ऑर्डर के अनुसार उत्पादों का निर्माण भी करती हैं. अभी जिस तरह से कोरोना के मामले धीरे-धीरे बढ़े हैं, ऐसे में महिलाएं मास्क भी तैयार कर रही हैं. एस नारायण ने बताया कि महिलाओं की ओर से बनाये जाने वाले मास्क वहीं के सरकारी और प्राइवेट संस्था के लोग खरीद लेते हैं.

**सोसाइटी फॉर इंपावरमेंट** के तहत कस्तूरबा गांधी सेंटर फॉर ट्रेनिंग व प्रोडक्शन की शुरुआत पिछले महीने हुई थी. इसका मकसद महिलाओं को आत्मनिर्भर बनाकर रोजगार से जोड़ना है. संस्था की ओर से इंदरपुरी रोड नं-10 स्थित सेंटर पर महिलाओं को निशुल्क सिलाई की ट्रेनिंग दी जाती है. सोसाइटी फॉर इंपावरमेंट के डायरेक्टर एस नारायण ने बताया कि उनकी संस्था

गांधी के विजन के साथ काम करती हैं. कोरोना में लगे लॉकडाउन के दौरान ही इस पहल की शुरुआत करने का निर्णय लिया गया. संस्था का खादी ग्राम उद्योग और अमेजन के साथ टाइअप हुआ है. अभी कुछ दिनों पहले ही हमें एक मल्टीनेशनल कंपनी से दो-दो हजार कपड़े के मास्क और थैला बनाने का ऑर्डर मिला है. महिलाओं को सेंटर की ओर से कोर्स सर्टिफिकेट दिया जायेगा. गया स्थित शाहपुर में भी एक सेंटर चलाया जा रहा है, जिसमें 65 महिलाएं प्रशिक्षित हो रही हैं.

**दो बैच में महिलाएं सीखती हैं सिलाई:** इंदरपुरी के आस-पास रहने वाली महिलाएं इस सेंटर में आकर ट्रेनर की मदद से प्रशिक्षण लेती हैं. अप्रैल से शुरु हुए इस सेंटर में दो बैच में दोपहर दो बजे से लेकर शाम छह बजे तक 30 महिलाएं प्रशिक्षित हो रही हैं. सोसाइटी फॉर इंपावरमेंट की सेक्रेटरी डॉ शिवानी ने बताया कि हमारी पूरी कोशिश है कि इन महिलाओं को एक प्लेटफॉर्म मिले जहां वे अपने उत्पादों को बेच कर आर्थिक तौर पर आत्मनिर्भर हो सकें.

मैंने 2009 में सिलाई की ट्रेनिंग ली थी. इस सेंटर के बारे में मुझे पड़ोस में रहने वाली महिला से पता चला. शुरुआत में न्यूज पेपर पर कटिंग करना सिखाया गया और अब डायरेक्टर मैं कपड़े पर कटाई खुद से कर पाती हूं और सिलाई भी कर पाती हूं.

- कल्पना कुसुम सिन्हा, ट्रेनर

मैं तीसरी क्लास पास हूं. मैं भले शिक्षा से वंचित रह गयी, लेकिन मेरे बच्चों को अच्छी शिक्षा मिले इसके लिए यहां पर सिलाई की ट्रेनिंग लेती हूं. एक महीने में मास्क और थैला बनाना सीख लिया है. अभी मिले ऑर्डर में मैं भी मास्क और थैला तैयार कर रही हूं.

## Environment

The world is facing several environmental issues and problems which affect human wellbeing in diverse ways. There is a growing concern about the sustainability of the world's environment. The desire to grow first and clean later has resulted in environmental problems at an alarming rate. Society For Empowerment is working on the “DE-Carbonization” of the Environment through a number of initiatives as such:

- **Green Panchayats:** Creating a village for the future of our children, which is lush and green with nature's bounty, using renewable energy, clean, protecting environment and climate resilient. The Green panchayat to be made on felt need of the people encompassing the Green Energy model leading to state of Net Zero Energy. For this it is require to develop Green Panchayat Efficiency Index (GPEI) a Governance tool for measuring & monitoring relative performance of Panchayats. Further SFE is also working on the Green Rating Model and Green Credit Information Systems for the Rural Individual Homes and Rural Housing related Public Infrastructures
- **Creation of Carbon Offtake through plantation of trees**
- **Carbon Credits Programme for the Industry**
- **Capacity Building Programme and Publication on Environment & Green India.**

### **प्रारंभ - A Employment Newsletter for Senior Citizens over 60 years**

India is a very beautiful culture and is at the cusp of transformation on many fronts. The elderly population in India is one of the fastest growing in the world according to national commission on population the share of the elderly in India's population which was close to 9% in 2011 is growing fast and it may reach 18% by 2036.

The older persons possess vast reserves of knowledge, experience and resilience, making their participation, inclusion, and leadership key to global efforts to adapt to and mitigate the adverse effects of climate change. Keeping in the mind, The society has launched the monthly newsletter “प्रारंभ” “basically catering the employment news of senior citizens of more than 60 years. It also carry features on Financial, Spiritual, Health, Hobby of the Senior Citizens,

Given India's growing capability in space of Information Technology & Quantum, Technology which has opened a wide facilities in digital money, digital healthcare and biomedical research. This is of immense benefit to seniors in addressing old age issues and improving services for them.

SFE is working on the same line and has made a vision for imparting digital financial literacy and digital healthcare for seniors in urban and rural centers.

*Society For Empowerment has taken a initiative of launching a monthly newsletter “प्रारंभ” “serving the need of Employment Opportunities for Sr. Citizens and will carry features on spiritual, Health, Environment etc.*

## SFE Recreational Living for Seniors:

Demographically, India median age of its population was 27 years in 2015 which is expected to increase to 38 by 2050. The population of the elderly – or those aged 60 and above – is expected to increase by ~200 million by 2050, logging a CAGR of 2.9%.

Indians have traditionally relied on family support in post-retirement years – a phenomenon termed as pillar zero in the World Bank’s five-pillar pension framework. But this cushion is withering away as families go nuclear. Consequently by the weakening of the inter-generational ties has leads to the feeling of loneliness amongst the senior citizens. SFE is working on the subject by creating recreation lifestyle centres for the seniors in the nearby villages of the International Heritage Cities. The first such recreational living is coming up at village Shahpur in block Bela of Gaya, which is about 35 km from the Bodhgaya.
