

**Madam/ Sir,**

Society for Empowerment has firm faith in the ideology of Mahatma Gandhi and believes that in the present era of turmoil in Global Geopolitics, erratic climatic changes and global pandemics, the role and relevance of Philosophy of Gandhi is the Panacea for all struggles of human race.

Mahatma Gandhi said, "If we have no charity, and no tolerance, we shall never settle our differences amicably and must therefore always submit to the arbitration of a third party." Many of today's conflict management techniques and resolution process have a clear shadow of what and how Gandhi had seen issues in his times.
