**Brief of Society For Empowerment (SFE)** on behalf of all fellow humans envisaged to promote the philosophy and preaching of Mahatma Gandhi in alleviating the suffering of common mass arising due to indiscriminate development.

Our Society has firm faith in the ideology of Mahatma Gandhi and we believe that in the present era of turmoil in Global Geopolitics, erratic climatic changes and global pandemics, the role and relevance of Philosophy of Gandhi is the Panacea for all struggles of human race.

Mahatma Gandhi said, "If we have no charity, and no tolerance, we shall never settle our differences amicably and must therefore always submit to the arbitration of a third party." Many of today's conflict management techniques and resolution process have a clear shadow of what and how Gandhi had seen local, national and inter-national issues in his times.

Society for Empowerment is a Non-Government Organization having focus on Research, Training and Teaching.
