વરિષ્ઠ નાગરિક ને પ્રોત્સાહિત કરવા અને રક્ષણ કરવાનું મહત્વનું છે . વરિષ્ઠ નાગરિક હતાશ, નિરાશ અને કમજોર નથી . તેમના સશક્તિકરણ માટે તેમજ વરિષ્ઠ નાગરિકોની વિવિધ સ્ત્રીમો બાબતે વાચા આપતું આ માસિક ન્યૂઝ લેટર છે. વરિષ્ઠ નાગરિક એ સમાજના આધાર સ્તંભ છે. વરિષ્ઠ નાગરિકો ના કલ્યાણને પ્રોત્સાહિત કરવા અને રક્ષણ કરવાનું મહત્વનું છે. વરિષ્ઠ નાગરિક ને વાચા આપતું મુખપત્રક છે. આપણું કર્તવ્ય છે કે તેઓને એવો સમાજ આપીએ જેમાં તેઓ સુરક્ષિતતા અનુભવે અને તેમના જીવનના સંધ્યાકાળ સાથે જીવે તે બાબતની વાચા આપતું આ માસિક છે

According to Mahatma Gandhi, the way of leading a modest life is the best example of sustainable development for the world as the “Earth provides enough to satisfy every man's need but not any man's greed”. Seniors in India are fast evolving. With time, they are no longer focused on basic things but are keen on living an independent life and keen on trying new and different things.

A photograph of four elderly men of different ethnicities laughing heartily. They are shown from the chest up, in profile or three-quarter view, against a soft, out-of-focus background. The man on the far left is wearing glasses and a light blue shirt. The man next to him has grey hair and is wearing a light-colored shirt. The third man has a grey beard and is wearing a light-colored shirt. The man on the far right is wearing a flat cap and a light-colored shirt.

*This new chapter of my life
is called "SMILING AGAIN".*

Ageing spans the life-course and is relevant to everyone and it requires life-long learning, enabling older people to do what they value, retain the ability to make decisions and preserve their purpose, identity and independence. It requires literacy, skill training and barrier-free participation, including in digital skills.

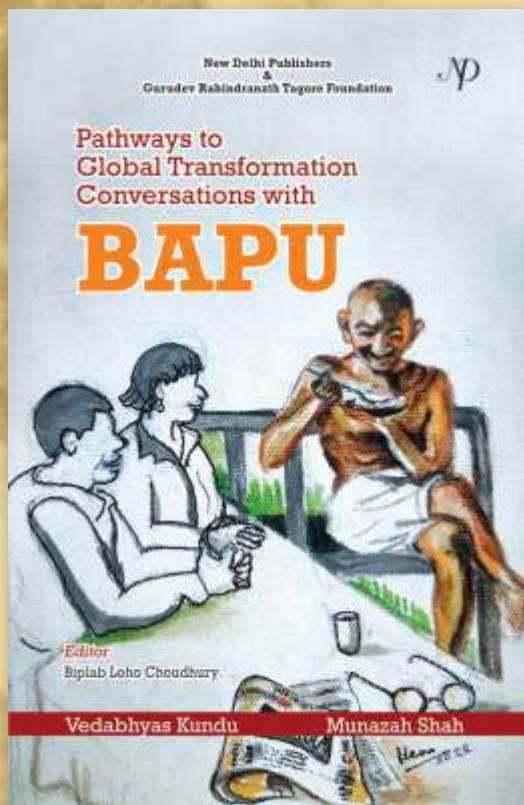

Today, most people can expect to live to 60 years and older.

As per 2011 Census, total population of Senior Citizens (people aged 60 years and above) is 10.38 crore, of which population of males and females are 5.11 crore and 5.27 crore respectively. These figures are projected to go up to 14.32 cr in 2021 & 17.32 cr in 2026 as per the Technical Group on Population Projections constituted by the National Commission on Population. The percentage of Senior in total population was 8.57% is projected to go up to 13.1% in 2026.

The desire to work longer is the felt need of the seniors and the present Government is taking positive steps in this direction by launching SACRED a unique & innovative technology-driven Employment marketplace, to bring together both Job providers & Job seekers on a transparent online portal.

Society For Empowerment through this newsletter has tried for Meaningful engagement and empowerment of older people.

*A longer life is
an incredibly
valuable resource.*
